

CLEAR STATEMENT.

State Chairman Long Sums up the Political Situation.

GEN. TAYLOR SURELY ELECTED.

Confident the People of Kentucky Will Force Fair Count.

Headquarters
Republican Executive Committee
of Kentucky.

LOUISVILLE, KY., Nov. 13, 1899.

To the People of Kentucky:
The two principal political parties entered the campaign in Kentucky this year on well defined lines of difference. The Republican party discussed measures not men, and kept its campaign on a plain which attracted to it the support of the best people of the State in all parties.

The opposition had the entire machinery of election in its hands.

MAJ. JOHN A. LOGAN DEAD.

The Son of a Gallant Sir Fell
While Leading His Battalion
in Far-Off Luzon.

GEN. OTIS' REPORT OF THE ENGAGEMENT

The Aged Mother, at Washington,
and the Devoted Wife of the
Dear Soldier, of Youngstown, O.,
Protested by the News of Their
Reverence.

Youngstown, O., Nov. 13.—A private
cablegram received from Manila announces
the death of Maj. John A. Logan, of that city. No details have been
received yet. The remains will be brought home on the transport Sibik.

Maj. John A. Logan, Jr., was born in
May, 1865, at Murphysborough, Ill. He
received an appointment to West Point
academy, and attending for two years,
but resigned before his class was
graduated. Logan then embarked in
the real estate business in Washington,
but after his marriage to Miss
Edith Andrews, daughter of the late
millionaire coal operator, C. H. Andrews,
March 22, 1887, he resided here. He
was engaged in limestone mining
and owned the Oriole stock farm.

INCENSED KENTUCKIANS.

Knox County Men Getting Tired of
the Dilatory Tactics of the Elec-
tion Commissioners.

Burbankville, Ky., Nov. 14.—Over 4,
000 people from the rural district con-
gregated on the streets here, incensed
at the reports that the vote of
Knox county would be thrown out, and
thereof waiting for the commissioners
to certify the vote, they came to
town to see that their liberties were
protected, as they expressed it.

Mandatory injunctions have been
issued by the commissioners to compel
them to finish the count. Up to noon
the commissioners had taken no action.

People are wrought up to the high-
est excitement, and trouble is feared.

UNDERGOING FUMIGATION.

A Spanish Steamer With Small-
pox on Board at San Juan,
Porto Rico.

San Juan de Puerto Rico, Nov. 14.—
The Spanish steamer Buenos Ayres, from
Coruña, October 27, and Cadiz, October
31, which arrived here Sunday
with 35 fathoms of water on both
sides.

The gunboat Helena has been dis-
patched to bring away the crew.

FURTHER DETAILS.

Further details regarding the
grounding of the United States cruiser
Charleston show that she struck an
anchored coral reef ten miles east of
Anilao island. Her stern was almost
entirely submerged and the bow almost
entirely upright. A heavy sea was on and
the cruiser began rolling violently.

The watertight doors were quickly
closed, but were soon in under the
ship's deck.

Abandoned Attempts to Save Her.

After the first efforts to right her,
the officers found the light slides off
because of the heavy sea, and so
abandoned the attempt to save her. They
hurried to the launches and boats
and rowed away, prepared to fight for
a landing with two Colt guns, 154 rifles
and ten day's rations. Some of the
officers and men were dressed only in
pajamas and their underclothing. The
brave blocks of the canon were removed
before the boats put off.

HULL SAVAGE, BUT FRIENDLY PEPPER.

The first landing was made on a little
island, with a front of barren rocks. Next
day the boats again took to the water,
and proceeded to Kamini land, where a
landing was made in the expectation that
the crew would be turned over to the
charterers immediately.

The first landing was made on a little
island, with a front of barren rocks. Next
day the boats again took to the water,
and proceeded to Kamini land, where a
landing was made in the expectation that
the crew would be turned over to the
charterers immediately.

IN SEARCH OF SUCOR.

On the third day the storm had
greatly subsided, and Lieut. John D.
McDonald, with Hootswald, Dumick,
Glynn and six men, started for the
Gulf of Lingayen, in a 30-foot sailing
vessel, hoping to find a American
war ship, but were entirely ignorant
of Gen. Dewey's expedition.

OVERCROWD THE TRANSPORT ASCE.

Lieut. McDonald was four days
at sea, keeping under shelter of the
hostile shore for two days because
of the high seas, being most of the
time in a soaking rain. Finally, by
the Union Jack down, clad in their
underclothing and drenched to the
skin, the officer and his companions
overlook the transport Aztec, which
carried them to the battle ship Oregon.

ACCIDENT WAS UNAVOIDABLE.

In Minneapolis, Minn., Nov. 15.—A
Dutch freighter, the Four Friends, was
engulfed by the whirlpool of the
Mississippi river, and six men
were lost.

ITS MOTHER SERIOUSLY SHOCKED.

The wife of one of the men who
was lost, Mrs. Anna C. Taylor, of
Youngstown, O., was seriously
shocked.

DID NOT PAY ITS WORKMEN.

Washington, Nov. 15.—The following
dispatch received from Gen. Otis,
yesterday, affords a picture of the
state of affairs in the city of Louisville:

"The election officers failed
to pay the men who worked on
the election, and the men are
now threatening to sue the
city for non-payment."

PETITION TO HAVE THE GREATER AMERICAN EXPOSITION CORPORATION OF OHIO DECLARED BANKRUPT.

Omaha, Neb., Nov. 15.—Application
was filed yesterday to Judge Munger
in the federal court to declare the
Greater American Exposition Corporation
bankrupt. The application was made
by T. J. Mahoney, as attorney for
95 of the former employees of the
exposition who failed to get the money
due them on wages. The petition is a
rather lengthy document and recites
a number of instances in which it
is alleged that the management endeav-
ored to make preferred creditors of
certain men and leave the workmen
and employees to whittle what was
left them.

CONTINUES TO IMPROVE.

Minneapolis, Minn., Nov. 15.—The
jury that sat to try the trial of the
Greater American Exposition Corporation
yesterday, found the defense guilty of
negligence and of failing to pay
the men who worked on the exposition
a reasonable amount.

PHILADELPHIA'S ELECTION.

Baltimore, Md., Nov. 15.—The official
count of the ballots cast at the recent
election in Maryland gives Col. John
Walter Smith, democratic candidate
for governor, 12,211 plurality over
Lowndes, republican incumbent. Col.
Smith carried Baltimore city by 8,101.
Candidates for other state offices did
not run more than a few hundred votes
behind the leader.

AS TO REPRESENTATIVE ROBERTS.

Fall River, Mass., Nov. 15.—The
tribunal says that no arrangement has
been made between the representative
and the state to date, and is
represented to be worth \$200,000 now. Mrs.
Harris is the mother of Mrs. Charles
E. Jones, formerly of this place, and
has visited Earlinton several times.
Mr. and Mrs. Jones now reside in
Jacksonville.

THANKSGIVING SERVICES.

Elmer H. Tool will preach at
the Thanksgiving service at this place,
at 11 o'clock. He asks that the stores
and business houses close in Earlinton
at 10 o'clock.

"By Industry we Thrive."

LOCAL NEWS.

The Webster Circuit Court will convene at Dixon, Monday, December 4.

Leo Favors has completed his new interior shop near the General Baptist church and will soon be ready for business.

Mr. J. D. Canedy, of near Prairie, a prominent farmer, died of pneumonia, Friday, after an illness of only a few days.

It shows how much difference it makes about whose ox is gored.

BIG ERROR IN FAYETTE.

Would Have Lost Beckham 3,386 Had Goebelites Done As They're Trying to Do in Nelson.

Lexington, Ky., Nov. 13.—It was discovered here this morning that all the certificates of election in Fayette county spelled the name of Cripps Beckham "Beckham," and according to the rule the Goebelites commissioners of Nelson county are trying to set up against all precedents, the Goebel candidate for Lieutenant-Governor would lose 3,386 votes by the error. However, the local commissioners ruled in favor of Beckham, and the votes go to that candidate's credit.

It shows how much difference it makes about whose ox is gored.

Wonderful Discovery.

LUNSPRING, ALA., April 15, 1898.
NEW SPRINGER MEDICINE CO.

Mr. Oscar H. Chatten was on the sick list this week, and Dr. A. W. Davis, of Mortons Gap, had charge of his practice for a day or two but Dr. Chatten is out again.

Dr. R. W. Long is still quite ill at his home in Madisonville. His fever is not so high, however, as it has been and it is hoped that he will soon begin to improve.

There will be regular services at the M. E. Church, South, Sunday. The pastor will preach morning and evening as usual. Everybody invited to attend these services.

Elder Claude H. Hayes, of Owenton, died Elder L. H. Teel's pulpit at the Christian church here, last Sunday. He preached two excellent sermons and his congregation was pleased and edified.

There was a small wreck at Shimperton Monday. A pair of trucks on the engine of a passenger train got out of place, and the wrecker had to be called in. Traffic was delayed on the north end for a few hours.

Agent Orr, of the L. & N., is having some repairing done in the office at this place. This, together with the new roof that has been added, will contribute much to the comfort and convenience of the building.

The quail season opened yesterday and the quail hunters are happy. Quail have been cleaned and prepared, dogs well fed and everything made ready for the hunt. Bob White will have a severe time of it for a while at least.

Shooting Scare.

Last Saturday afternoon about 4 o'clock, at Madisonville, a shooting scare occurred which created quite a good deal of excitement. It occurred in front of Smith's saloon. The trouble was between "Chink" Bradley and a negro named Higgins. The reported cause of the trouble is too vicious to publish. Neither of the parties was seriously hurt. The negro received a slight wound in the head. Ernest Dunkerson is said to have received a glancing shot in the knee.

Indians in the United States.

The total number of Indians in the United States 262,000 according to the 1888 enumeration. This is an increase of about 15,000 over 1887. The Indian is not as near a creature of the past as one might think.

PERSONAL.

Mr. and Mrs. M. T. Winstead, of Nelson, visited the family of W. E. Boyd, Sunday.

Edred Davis, who has been attending the State College at Lexington, is at home for a brief visit.

Mrs. Pauline Jones and Mr. Davis visited in Madisonville, last week.

Miss Inez Dean spent Sunday in Madisonville, the guest of the Misses Weston.

Miss Sallie McRath is visiting in Nashville.

Mrs. R. V. Davis and daughter spent Monday in Madisonville.

Mrs. Katherine Deniene, of Hopkinsville, visited Miss Lizzie Sullivan a few days last week.

Miss Emma Millis, of Marion, visited friends here a few days last week.

Rev. L. W. Spain and wife, of Woodburn, Ky., were the guests of Mrs. Margaret Bonham Monday. They left Tuesday for Evansville, Ind., to attend the General Baptist Association, which met there this week.

Miss Davaline has gone to the bedside of her brother, Mr. Medley, of Sherman, who is seriously ill and not expected to live.

Mrs. P. H. Davis was in Lexington last week.

Roscoe M. Wheat filled his regular appointment at Nelson, last Sunday.

Paul M. Moore was in Evansville Monday.

Mrs. Quinser is the guest of Mrs. Criner and Mrs. M. B. Long.

Mrs. Susan V. Davis, of Paducah, has been the guest of the family of Dr. U. S. Davis.

Miss Minnie Massie, of Texas, is the guest of Mrs. E. A. Chatten.

The Kitchen Sink

Should not breed diseases like typhoid fever or malaria.

It will not if you use Gold Dust regularly.

Send for free booklet—"Golden Rules for Housework."

THE N. K. FAIRBANKS COMPANY
Chicago, St. Louis, New York, Boston

McKinley on the Philippines.

"The future of these new possessions is in the keeping of Congress, and Congress is the servant of the people. That they will be retained under the benign sovereignty of the United States, I do not permit myself to doubt. That they will prove a rich and invincible heritage, I feel assured. That Congress will provide for them a government which will promote their material interests, as well as advance the people in the path of civilization and intelligence, I confidently believe, they will not be governed as vassals, or serfs, or slaves—they will be given a government of liberty, regulated by law honestly administered without opposition, taxation without tyranny, justice without bribe, education without distinction of social condition, freedom of religious worship, and protection in life, liberty and the pursuit of happiness."

President McKinley to the 13th Minnesota Volunteers at Minneapolis.

STATE OF OHIO, CITY OF TOLEDO } 88
LUCAS COUNTY. }
FRANCIS J. CHENEY makes oath that he is the owner of the business known as the Chenev & Company & Co., doing business in the City of Toledo, County and State of Ohio; and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Cough & Cold Cure.

Sworn to before me this 6th day of December, A. D. 1898.

A. W. OLEASON,
Notary Public.

Sealed.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials.

F. J. CHENEY & CO., Toledo, O.

Hall's Family Pills are the best.

OSCAR HARRIS,
Sold by St. Bernard Drugstore.

Here's a Good Thing

A Pennsylvania Central employee at Indianapolis has devised a machine which Superintendent Mansfield is sanguine will revolutionize the bring of locomotive engines. Its work is to throw the coal into the fire box with an even distribution.

The firemen now does this work with a shovel, throwing 10 pounds to the stovetop on the average. The machine is so devised that the engine, by simply turning a little wheel, can place the coal in the fire box at a speed of 21 cubic inches per second.

It is claimed that it will do away with poor firing, and that locomotive firemen will not be needed.

Immediate tests will be made.

Davidson's Personal Pride.

Former Congressman Geo. M. Davidson of the eighth district, was from his home, Stanford, the county seat of Lincoln, Sunday.

He verified the good news that Taylor had carried the county by 22 votes, which means much for it.

Before the Hon. Mr. Davidson entered politics in Lincoln a few years ago, by offering for county judge and being elected, the county was safely Democratic by nearly 500.

Good generalship and the able assistance of party men have wiped that majority entirely out now Lincoln is safely Republican.

It will not be a surprise to any who are at all familiar with the good qualities of Chamberlain's Cough Remedy, to know that people everywhere take pleasure in relating their experience in the use of that specific.

It has been reported that Dr. Hall's Cough Remedy has been used to cure a man of a disease which had plagued him for five years, and he could not be cured by any other physician.

After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work.

This supreme remedy for female diseases quickly cures nervousness, sleeplessness, headache, backache, fainting, and many spells.

This intricate working medicine is a godsend to weak, sickly roundabout people. Every bottle guaranteed. Only 50 cents. Sold by St. Bernard Drugstore.

Bradley's Sterling Courage.

Governor Bradley has shown a courageous purpose to avoid no responsibility. We believe that he has the civic as well as the personal courage to do whatever his conviction of duty dictates. We, therefore, most earnestly invoke his most thoughtful and anxious consideration of these provisions of the constitution of Kentucky and the United States. He has enormous responsibility, but to him has been given great powers. Without his seeking there has been forced upon him the decision of momentous questions. We have profound confidence that he will meet them in such a manner as will justify the trust that has been imposed by him and to increase the esteem and respect in which he is held by the people of his native State.—Lexington Herald.

Best way to Invest 25 Cents.

ANTOCH, MISS., July 1, 1898.
NEW SPENCER MEDICINE CO.

I want to tell you what I think of your Nitroin. I have, I need not tell you, had it for five years this summer and it has helped me greatly.

It is a good medicine, I think.

ROAD IMPROVEMENT.

Most Important Road in the County Widened and Graded.

Judge John Hall deserves credit for the important improvements he has had progressing lately on the road between Earlinton and Madisonville over which goes by far the most important traffic and the most travel of any road in the county. Fills and culverts have been widened, grades reduced and the road straightened. Now, through the co-operation of the Monarch Coal Company, the road is being greatly widened through the property of that company and well graded and ditched. The levee along Polk Merrill's field is elevated and strengthened and the brush cut out along the water course in the effort to get the road bed above the flood mark for the winter. One hardly recognizes the former narrow track beside the present wide road. This work is to be continued through to the St. Bernard property and the Earlinton-Madisonville road will be the banner road of Hopkins county.

Increase in Circulation.

There is talk occasionally of a stringency in the money market, yet the circulation is constantly and rapidly increasing. The aggregate amount of money of all sorts in circulation in the country on November 1 is put by the treasury officials at \$1,933,716,148. This is the amount that was in the banks and in the hands of the people. The treasury authorities figure that this is a per capita circulation of \$25.60. This is a gain of 15¢ per inhabitant in the month of October, and 73¢ in the twelve months.

Political Points.

Mr. Bryan's trip to Kentucky and Ohio is the source of much gratification to his enemies.—Lexington Herald.

Kentuckians had the self-respect to beat Goebel and the same many qualities insure that the man elected will get his seat.—Globe-Democrat.

If little Willard Mitchell, who threatens to kill all the anti-Goebelites in Kentucky, will sprinkle gun powder on his beak, he might become a bad man some day.—Louisville Commercial.

Jo Blacklawn is yet busy performing his life's mission of consigning Goebel to the depths of merited public execration, and has concluded to accompany him to said depths.—Lexington Herald.

Upon an order of Judge Toney, the officers of a Louisville precinct were made to appear and certify to returns from a precinct which they had sent in without certificates. It was a Republicans precinct and the Goebelites didn't want it counted.

Three Frankfort policemen have been bound over to the Federal grand jury in the sum of \$1,000 each to answer a charge of intimidating colored voters on election day.

United States Marshal James went to Lexington Saturday with nine warrants for the arrest of men charged with election frauds. His trip caused consternation. Four men who worked for Goebel election day were arrested and put under bond of \$600 each.

A dispatch from Lebanon says that J. P. Thompson and H. L. Cooper, both former democratic representatives and strong supporters of Mr. Goebel in the late campaign, concede the election of Taylor. J. M. Knott, nephew of ex-governor

Knott and Lew Russell, a prominent attorney, both supporters of Mr. Goebel, admit their candidate's defeat.

A special from Lexington dated Monday says that Mr. Hill, nominee for Secretary of State, on the Goebel ticket and Judge Hager, nominee for State Treasurer on the same ticket, both openly admit Goebel's defeat.

No contest will be made by the Republicans at Lexington over the ballots that were spelled "Bickham" meant for Judge Blacklawn, nominee on the Goebel ticket for Lieutenant Governor. Republicans will win without attacking trivial technicalities at all.

A letter from Secretary Shepard, of the Republican Campaign Committee, to his wife at Frankfort, was delivered at Goebel headquarters by a carrier who is said to be a telephonist. The letter was opened. It contained political news but no comfort for the Goebelites. The carrier says he thought the letter was for the wife of Sam Shadlock.

Teachers' Association.

The Second Congressional District Teachers' Association will be held at Henderson, December 1st and 2nd. This is expected to be one of the most largely attended and most interesting teachers' meetings ever held in the Second District. Not only will teachers of this Congressional district be there, but others prominent in educational circles from other parts of the State. Henderson will give the teachers a cordial welcome.

Forceful Facts.

Maryland was the only state where the Democrats nominated strong gold standard men and ignored the Chicago platform; and it is the only one where the Democrats made gains.

In all other states the party lost strength, save that, by the help of the Populists they elected a Populist ticket in Nebraska. Reason can not be the medicine for any mind that is not able to see the force of these facts.

Wilkinson-Traylor.

Wednesday afternoon, Mr. Albert V. Wilkinson and Miss Hortense Traylor quietly drove to the residence of Rev. Jas. A. Burden, in this city, and were married by him in front of his home.

The contracting parties are deserving young people and have the heartfelt congratulations and best wishes of the BEE and its readers.

Walter Ingram, a Paducah Virginian, dreamed that a fire alarm had been turned in and he hastened to answer it. He left his bunk at the central engine house and walked over to the west side hall and out of a window. He fell about fifteen feet to the ground, breaking his left ankle and two ribs on his left side.

A Annie Bontwell, the side-partner of Atkinson and Aquinaldo, must be quite disengaged over the result of the election. In a recent letter to an Indianapolis friend, in which he discussed the question of how the "aunties" could accomplish their purpose, whatever it is, he said: "First of all we must get a popular judgment against McKinley; as long as the people are with him, there is no hope." The splendid Republican majorities in Ohio, Kentucky, New York, New Jersey, Pennsylvania, and other States do not indicate that it will be practicable to get a "popular judgment" against McKinley."

Mr. W. B. Hawkins, president of the Kentucky Tobacco Growers' Association, has called a meeting of the Association at Lexington for today, at which time it is proposed to take steps toward inaugurating a plan whereby the grower will sell direct to the consumer.

John Lake, county organizer of the Y. M. C. A., and Mr. J. Bailey, of Madisonville, were in the city yesterday.

National issues were fairly tested in Iowa, where there were no factional state issues. The increased Republican majority is the true index of the sentiment of the country. The people are satisfied with prosperity and are going to see that the prosperous condition of the country is continued.

NATIONAL AFFAIRS.

Interesting Facts and Crisp Comments Political and Otherwise.

Washington, D. C., Nov. 15.—The announcement that more than one-half of the gold produced in the world in the last four hundred years has been mined in the last forty years is proving embarrassing to the people who were brushing the dust off their campaign speeches in 1896, in which they asserted that gold was appreciating because its production did not keep pace with the demands of the world for a circulating medium.

Campaign assertions of 1896 read strangely now. The propagandists of that occasion were insisting that the gold mines of the world could not possibly produce enough of the yellow metal to keep pace with the world's requirements for an increased currency; yet the gold production of the preceding year will far exceed the average annual production of silver and gold combined during the period between 1873 and 1896.

Couston receipts under the Dingley law continue to surpass the most sanguine expectations of its framers. In the month of October they amounted to \$18,000,000 on an average of over \$600,000 per day and in the first nine days of November were over \$6,000,000, thus being far in excess of the half a million dollars a day which is the amount ordinarily expected of the customs end of the revenue producing machinery of the Government.

Forceful Facts.

Maryland was the only state where the Democrats nominated strong gold standard men and ignored the Chicago platform; and it is the only one where the Democrats made gains.

In all other states the party lost strength, save that, by the help of the Populists they elected a Populist ticket in Nebraska. Reason can not be the medicine for any mind that is not able to see the force of these facts.

The Goebel 'll Get You.

The Goebel 'll Get You.

Once there wuz two little boys—we'll call 'em Will and Wal—Who tried their hands at politics, when politics wuz hot.

An' they both came up to Louisville,

an' went back home again,

Not Democratic nominees, but sad- der, wiser men.

An' they brought their delegations,

too, from counties great an' small.

But when they tried to vote 'em, why,

they wuzn't there at all;

An' all they ever found of 'em would fill a hat, about.

An' the Goebel 'll get you

If you

Don't

Watch

Out!

The Goebel 'll get you mighty bad, an' loves to catch good men;

An' is they ever gets 'em, why, they don't come back agin,

The King, he has a curious mill—as strange as you can find,

An' if he wants an office, why, he just begins to grind;

He sets the indicator at the vote he likes the best;

An' drops Commissioners in the slot—the off' mill does the rest.

So we'll say to Willie Taylor, you just watch what you're about.

Or the Goebel 'll get you

If you

Don't

Watch

Out!
